

- 1. EVERY DETAIL HAS BEEN CONSIDERED.**  
 Since 2001 we have helped over 5700 traders and investors around the globe navigate the financial markets with a high degree of success.\* We know the core wants and needs of both active traders and casual investor are virtually the same – to make more money.
- 2. WE HAVE WHAT YOU NEED.**  
 Simply put, we offer a simple trading and investing solution that has your best interest in mind, and automatically trades within your brokerage account.
- 3. INCREASE RETURNS AND REDUCE VOLATILITY.**  
 AlgoTrades has found a way navigate the market safely\*\* in both trending and oscillating conditions. This agile system understands risk and is either in one of three positions: Long, Short, or Cash. Our long-term track records show this despite the economic downturns we have gone through.\*\*\*
- 4. PERFORMANCE DURING MARKET DECLINES.**  
 AlgoTrades has the ability to do well in down trending markets because it employs short-selling and inverse exchange traded fund strategies that allow it to profit when prices go down.
- 5. SUCCESSFUL INSTITUTIONS USE SYSTEMS.**  
 Professional traders, pension plans, and foundations have long used long/short/cash trading strategies to generate returns in excess of the S&P500, so why shouldn't you?\*
- 6. ALGOTRADES USES INNER-MARKET ANALYSIS.**  
 Proprietary INNER-Market Analysis method uses a number of data points including up/down volume flow, market sentiment, cycles, moving averages, volatility, momentum and price patterns which are recalculated on every tick.
- 7. TRADE UP, DOWN & SIDEWAYS MARKETS.**  
 Regardless of market trend, our system quickly identifies, confirms and re-calibrates its strategy after a trend reversal; to be sure your money is protected to the best of our ability.
- 8. DYNAMIC TRADES & POSITION MANAGEMENT.**  
 Through trend identification, cycles and volatility our built in trade management rules allow each position to be properly managed. Entry, targets and stops automatically adjust with the market environment.
- 9. ULTRAFAST SERVERS & BROKER EXECUTION.**  
 System runs on dedicated private servers providing fast and reliable trade execution. AlgoTrades is also compatible with 17+ brokers.
- 10. KNOWING YOUR MONEY IS PROTECTED.**  
 The peace of mind that you'll experience knowing your money is working for you and is protected to the best of our ability against market down turns is invaluable and life changing.\*

\*There is a substantial risk of loss associated with trading futures and options on futures and trading exchange traded funds.

\*\*No representation is being made that utilizing the First Algorithmic Trading System will result in profitable trading or be free of risk of loss.

\*\*\*These results are based on simulated or hypothetical performance results that have certain inherent limitations. Unlike the results shown in an actual performance record, these results do not represent actual trading. Also, because these trades have not actually been executed, these results may have under-or over-compensated for the impact, if any, of certain market factors, such as lack of liquidity. Simulated or hypothetical trading programs in general are also subject to the fact that they are designed with the benefit of hindsight. No representation is being made that any account will or is likely to achieve profits or losses similar to these being shown.
